

SC Remote Features Added and Improved

[Released January, 2024]

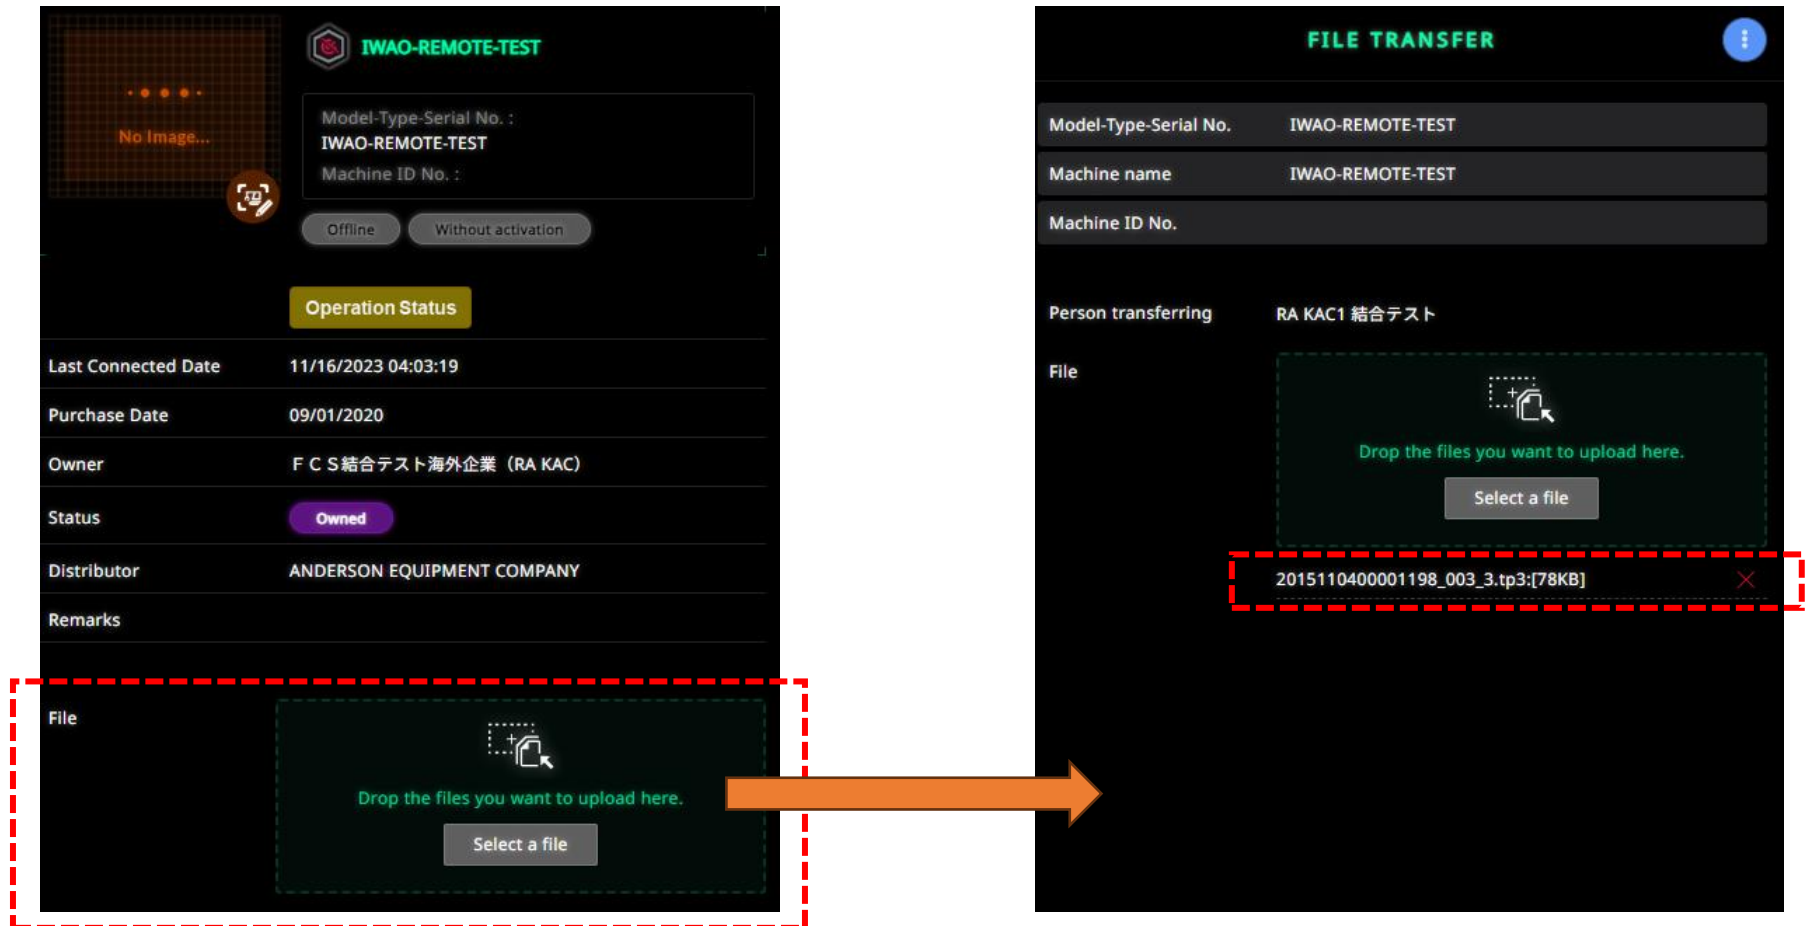

Version 2.18.0

File Transfer Functionality Extension

We have added a file transfer selection form to the equipment details screen.

By selecting or dragging and dropping files here, you will be directed to the file transfer screen, and the chosen file will be in the initial selected state.

The image displays two screenshots of a mobile application interface, illustrating the file transfer functionality extension.

Left Screenshot (Equipment Details):

- Header: IWAO-REMOTE-TEST
- Model-Type-Serial No.: IWAO-REMOTE-TEST
- Machine ID No.:
- Buttons: Offline, Without activation
- Operation Status: (Yellow button)
- Last Connected Date: 11/16/2023 04:03:19
- Purchase Date: 09/01/2020
- Owner: F C S 結合テスト海外企業 (RA KAC)
- Status: Owned (Purple button)
- Distributor: ANDERSON EQUIPMENT COMPANY
- Remarks:
- File: (Red dashed box highlights the upload area with text "Drop the files you want to upload here." and "Select a file")

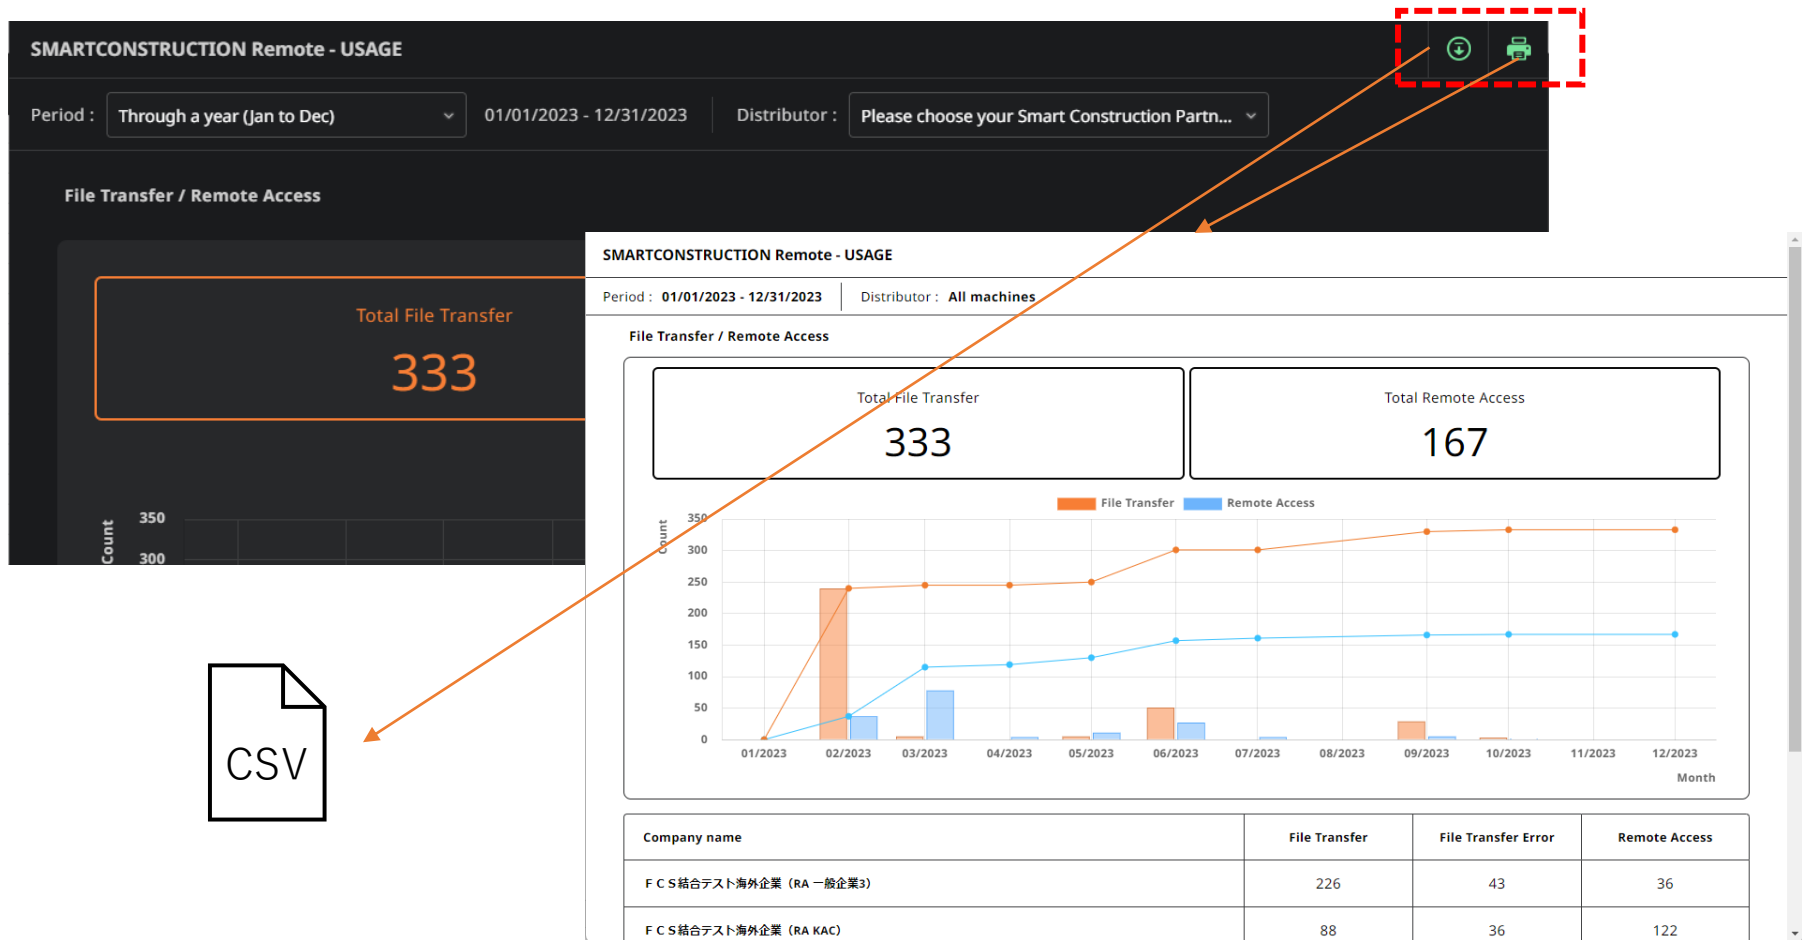

Right Screenshot (FILE TRANSFER):

- Header: FILE TRANSFER
- Model-Type-Serial No.: IWAO-REMOTE-TEST
- Machine name: IWAO-REMOTE-TEST
- Machine ID No.:
- Person transferring: RA KAC1 結合テスト
- File: (Red dashed box highlights the selected file "2015110400001198_003_3.tp3:[78KB]" with a close button)

Usage Status Display Function Expansion

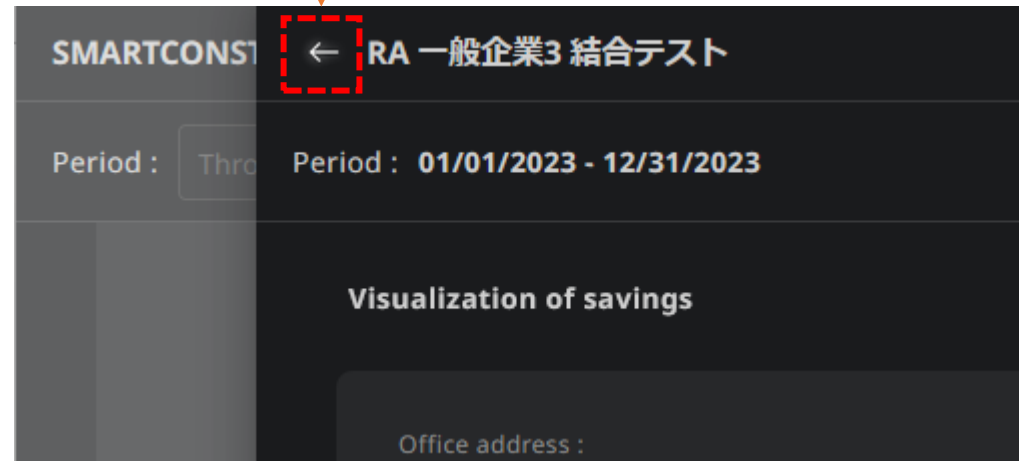

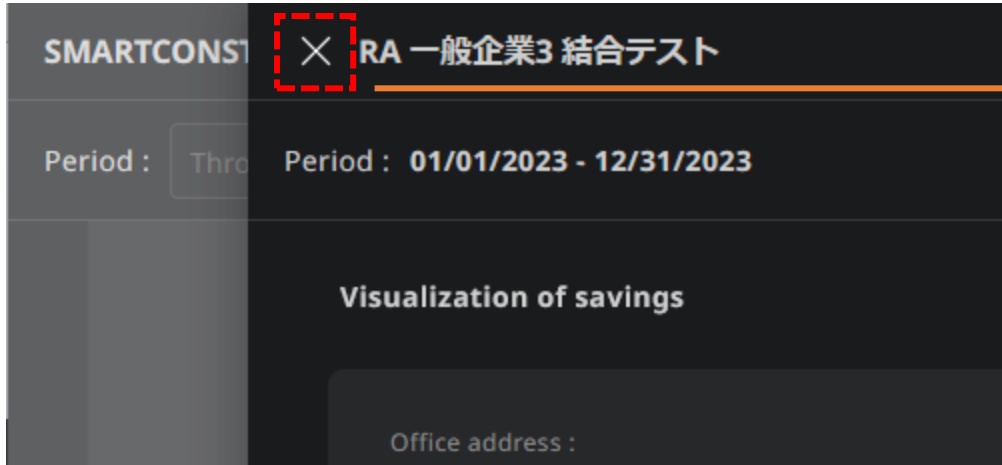

We have added the functionality to download CSV files of aggregated results and display a printing screen on the service usage status screen.

The CSV file will contain detailed data on file transfers and remote connection aggregates.

Change of Close Button Icon in Usage Status

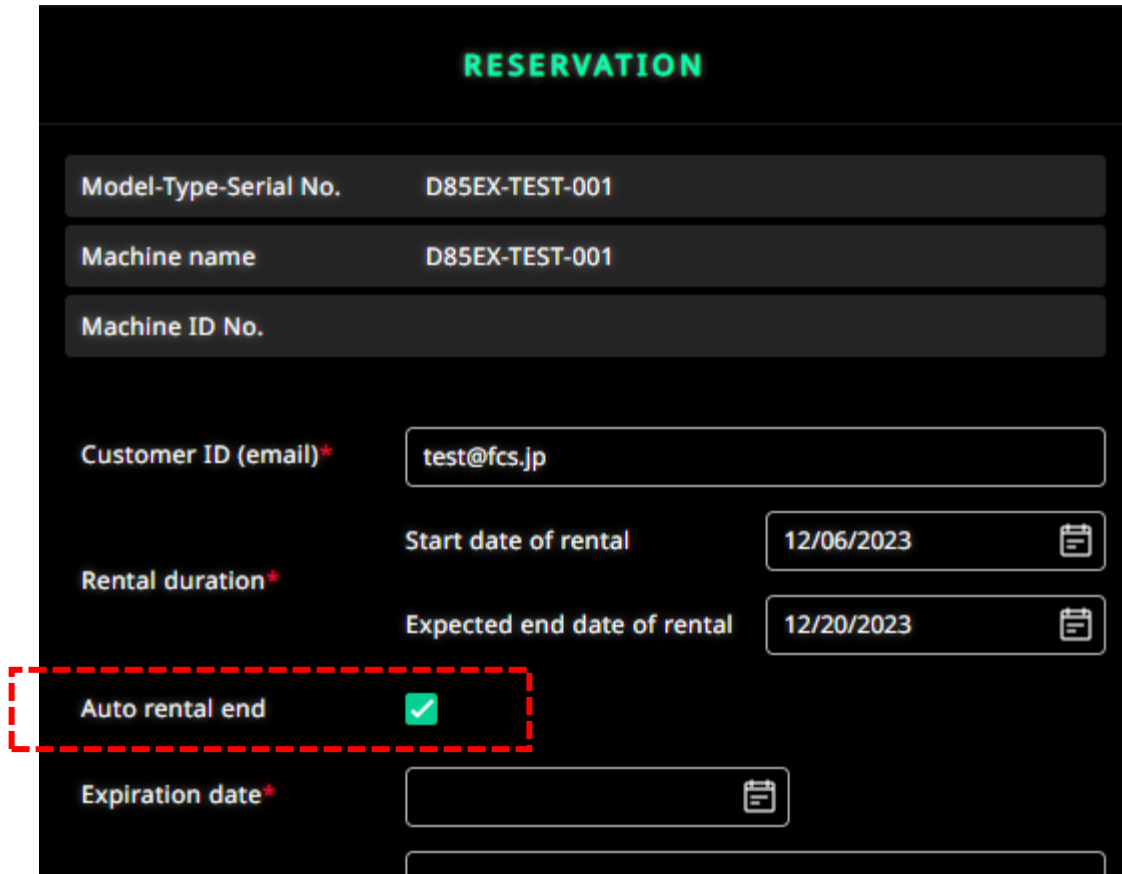

The icon for the close button on the service usage status screen panel has been changed from [×] to [←].

Automatic Rental Completion Feature Added (Australia environment only)

We have added an automatic rental completion checkbox to the construction equipment rental screen.

By checking this box, if the scheduled return date has passed, the rental completion process will be executed through batch processing.

The screenshot displays a 'RESERVATION' form with the following fields and values:

- Model-Type-Serial No. D85EX-TEST-001
- Machine name D85EX-TEST-001
- Machine ID No.
- Customer ID (email)* test@fcs.jp
- Rental duration*
 - Start date of rental 12/06/2023
 - Expected end date of rental 12/20/2023
- Auto rental end
- Expiration date*

The 'Auto rental end' checkbox is highlighted with a red dashed border.
