

SC Remote Features Improved

[Released July, 2024]

Version 2.21.0

Even if "MC/MG or STD" is set to "Standard" remote functionality is available

Even when the machine setting is "Standard" it is now possible to use the same features as the "ICT" setting.

This enables file transfer and remote connection regardless of the "MC/MG or STD" setting.

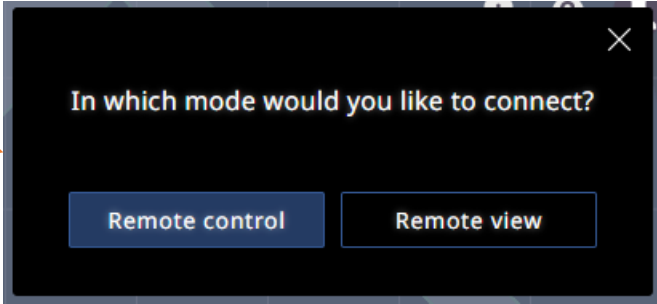

The screenshot shows the 'Machine Registration' screen with three tabs: 'Machine Registration', 'File Transfer', and 'Remote support'. The 'File Transfer' tab is selected. Below the tabs, there is a form with the following fields:

Rental destination company name	F C S 結合テスト海外企業 (RA 一般企業3)
Start date of rental	06/05/2024
Expected end date of rental	06/30/2024

Below this is a 'DETAILS' section:

Machine class	<input checked="" type="checkbox"/> Komatsu machine
Type	Bulldozer
MC/MG or STD	Standard
Software	OP-1.10.0
SIM	
IMEI	

The 'MC/MG or STD' field is highlighted with a red dashed box. A yellow text overlay next to it reads: "MC/MG or STD" is set to "Standard".

A modal dialog box titled 'In which mode would you like to connect?' is shown. It has two buttons: 'Remote control' and 'Remote view'.

The 'FILE TRANSFER' screen shows the following information:

Model-Type-Serial No.	IMAIZUMI-20240605-0001
Machine name	IMAIZUMI-20240605-0001
Machine ID No.	
Person transferring	RA 代理店1 結合テスト
File	

The 'File' field has a dashed box around it with a plus sign and a document icon, indicating a file transfer action.
